## Product Overview

This Desktop Rechargeable Fan is designed to keep you cool on hot days. It is a USB rechargeable, handheld fan with 3 adjustable speed settings, a 90-degree rotatable head, and a 3000mAh battery for portability and extended usage. It is ideal for personal use at home, in the office, or while traveling.

## Features

- **Rechargeable Battery:** 3000mAh built-in battery for long-lasting use.
- **3 Gear Speeds:** Choose from three speed settings (strong, middle, weak) to suit your cooling needs.
- **USB Charging:** Easily rechargeable via USB (5V input).
- **Rotatable Head:** 90-degree adjustable rotation for customized airflow direction.
- **Material:** Durable ABS plastic and electronic components for safe and reliable use.
- **Portable:** Convenient for both handheld use and placing on your desk or surface.

## Technical Parameters

- **Battery Capacity:** 3.7V, 3000mAh
- **Charging Input:** 5V, 1A
- **Rated Power:** 5.5W
- **Effective Wind Speed:** 4 m/s
- **Charging Time:** 4 hours
- **Operating Time:**
  - Strong Wind:** 2 hours
  - Medium Wind:** 3 hours
  - Weak Wind:** 6.5 hours
- **Working Modes:**
  - USB charging**
  - 5V power**
  - Built-in battery mode**
- **Material:** ABS + electronic components
- **Made in:** China

## Troubleshooting

- **Fan doesn't turn on:** Ensure the fan is fully charged and the power button is pressed firmly.
- **Weak airflow:** Clean the fan blades and check the speed setting.
- **Not charging:** Try a different USB cable or power source.

## How to Use

**Charging:** Connect the fan to a USB power source using the included cable. Charge for about 4 hours until the indicator light turns off.

**Turning On:** Press the power button to start the fan.

**Adjusting Speed:** Press the speed button to switch between 3 speed settings:

**Strong Wind (2 hours)**

**Middle Wind (3 hours)**

**Weak Wind (6.5 hours)**

**Rotating the Fan:** Gently tilt the fan head for 90-degree rotation to adjust airflow direction.

**Battery Mode:** The fan can be used without being plugged in when charged.

Enjoy portable cooling whenever you need it!

## Caution and Safety Guidelines

- **Charging:** Do not overcharge. Use only the provided USB cable and a certified power source.
- **Battery:** Avoid extreme temperatures and do not puncture or disassemble the battery.
- **Use:** Keep away from water, use on flat surfaces, and do not operate while charging.
- **Cleaning:** Turn off the fan before cleaning. Use a dry cloth, avoid harsh chemicals or water.
- **Storage:** Store in a cool, dry place, away from direct sunlight or heat.
